

STAFF REPORT

Title: Cold Lake Ambulance Society - Murray Gauthier and Joe Gray

Meeting Date: November 26, 2019

Executive Summary:

Cold Lake Ambulance Society Murray Gauthier and Joe Gray (Operation Manager) Request for a donation to the Cold Lake Ambulance Society (CLAS) for the purchase of electric stretchers for their fleet of ambulances.

Goals:

- Equip their fleet of four (4) ambulances with Stryker Power PRO_XT cots.
- Retrofit the fleet with Power Load systems as the base powered lifting solution

Costs:

- Total cost to outfit one (1) ambulance with a power cot and lift system: \$56,686.90
- Travel expenses to Saskatoon, where the equipment is manufactured and installed, to equip one (1) ambulance: \$881.20
- Unexpected maintenance contingency fund \$7,056.71 (hydraulic assembly replacement)

Total cost of purchasing, installing, maintaining, and a small contingency for these units works out to be \$62,642.91, with four (4) units to retrofit, we would be looking at a total expense of \$242,400.24.
