RE: Platform Lift

To whom it may concern,

In regards to the proposed lift this service is a great necessity as it would assist our clients to get to the upper floor. It would increase the access for our students with disabilities to our business. We also support this proposal as it creates a safer work environment for our instructors/couriers when transferring materials.

If you have any questions please do not hesitate to contact us.

Thank you.

Sincerely,

Shauna Bureau

Sub: Request for an elevator or chair lift in the building of Senior Society.

Sir,

I am a tenant (Room # 214) in Senior Centre. My office is Turning Point Wellness Hub and I offer Psychological services for adults and seniors. I have Clients from Cold Lake, Bonneville, and Lac la Biche areas. I am an authorised service provider of Veteran affairs, WCB, First Nations and FCSS on behalf of City of Cold. Many of my clients are seniors, veterans and others with disability. Since my office is in upstairs and the building have no elevator, many of my clients facing difficulties to access the services. Some of my clients were able to use the open ramp which is available even though it can be used when whether permits only. In this context, I humbly request you to consider an arrangement for clients of me as well as other tenants. It will be highly appreciated if you could provide a mechanical lifting facility to the first floor by installing an elevator or a chair lift. It will be helpful to the people to avail psychological services as well as other services in the first floor of the building. Hope you will consider this request favourably.

Thank you,

Cold Lake Seniors Society

Re: Community Capital Project Grant Application

Hi Andrea,

Thanks for the opportunity to provide this letter of support for your grant application. We believe that public spaces in the community that are not currently accessible need to be improved. The Cold Lake Senior's Society building has a second floor with services and learning opportunities that would benefit seniors, as well as the rest of the community, but the external, unusable wheelchair ramp is the only way for people with disability or limiting health conditions to access it, and that is not acceptable. The installation of a platform lift would be a great asset to people who are unable to use the stairs who wish to access the second floor services (i.e. counselling services, adult learning classes, yoga studio, etc.)

At Age Friendly Cold Lake, we are committed to helping the community become more physically accessible to older people, which will also make it more accessible to people with a disability. As you know, we are in the process of identifying changes that need to be made in the community to make this happen and applaud your efforts to address this real need.

Good luck with your application.

Sincerely,
