### **Background:**

There are various types of boards, committees and commissions. Most boards and commissions are formed under provincial legislation with their authorities spelled out under an act and/or regulation.

The committees are a mix of committees that are formed by Council or by others (e.g. a committee that is formed by a community body with special interests and/or a committee that is formed by another municipality) which request Council representation. The committees that Council is attending should be analyzed annually during Council's organizational meeting.
