Subject: 2021 CPWA National Public Works Week Award community under 25,000 - Winner City of Cold Lake

Mayor, Council and CAO,

I am proud to advise that the City of Cold Lake has been selected to receive the 2021 Canadian Public Works Association's (CPWA) National Public Works Week Award - community under 25,000. This award is for outstanding efforts in commemoration of National Public Works Week, highlighting public works contributions and services that benefit and enrich the community.

Although we were made aware of this achievement earlier this fall, the official announcement of this award was made today at the Public Works Expo virtual event (PWX Plus) during the CPWA Keynote and Awards. It is our understanding that a representative from the CPWA Board of Directors will present our municipality with an engraved plaque at a council meeting of our choice, recognizing the City of Cold Lake as a winner of the 2021 CPWA NPWW Awards Contest – we will aim for a November meeting.

This is our second NPWW award this year – in June APWA-Alberta Chapter presented the City of Cold Lake with the 2021 NPWW Celebration Award - Large Communities.

These well-deserved National and Provincial awards come as a result of our teams outstanding work and dedication to hosting a variety of events and programs to educate and energize the public about the value and contribution Public Works professionals make to our everyday life.

On behalf of the Infrastructure Services Team, thank you for your continued support, year after year, in our NPWW efforts.

Regards,

Azam Khan, P.Eng., CLGM
General Manager
Infrastructure Services
