Cold Lake

The city of sails.

We are asking City Council to approve...

Having waterfront location is integral to the success of our operation in June 2022, therefore we are asking the city for:

1. Space on Kinosoo beach, which offers:

- a safe harbour
- Shelter from motor boats and rocky shoreline
- High visibility
- Proximity to public washroom and changerooms
- dock space to launch/recover boats

2. An indoor space, which allows us to:

- Continue with lessons regardless of weather conditions
- Maintain the condition of our equipment
- Safely store our equipment
