

A CLEAN & CONVENIENT FOOD
WASTE SOLUTION

The FoodCycler™

- ∞ Up to 90% food waste volume reduction
- ∞ Up to 95% greenhouse gas reduction

Your Convenient Countertop Companion.

The FoodCycler™ is an indoor household food waste recycler that acts as a cleaner, hassle-free compost alternative. Using cutting-edge technology, the FoodCycler™ reduces food waste volume and odors, leaving behind a dry, lightweight soil amendment which can be used in various applications.

- ∞ FoodCycler offers 3 product models to choose from based on your lifestyle and preferences
- ∞ The powerful Vortech™ Grinding System can process most food waste
- ∞ Refillable carbon filters to eliminate odors, reduce packaging waste and reduce costs
